Notice of Extension: Call for Journal submission for classification of scientific journals published in Nepal

University Grants Commission (UGC) announces a 15-day extension for the submission of applications from scientific journals in Nepal for classification in accordance with the "Guidelines for the Minimum Standards and Classification of Peer-Reviewed Journals Published in Nepal, 2018".

For detailed submission guidelines and further information, please refer to the original announcement dated 2080/07/13. The UGC encourages all eligible journals to take advantage of this extended opportunity and submit their applications by the revised deadline.

The extended deadline for submitting applications is now **2080/09/19**. This extension aims to provide ample time for journals to prepare and submit their applications, contributing to the overall success of this initiative.

Please refer the ***Guidelines for the Minimum Standards and Classification of Peer-Reviewed Journals Published in Nepal, 2018***
